DECISION MAKING /LEVEL OF ACCOUNTABILITY	Decisions have a direct impact on the unit and potentially the University as a whole. Work is complex and involves a high degree of independent judgement, where non-routine situations are typical and require the modification of existing processes and/or guidelines. Decisions typically impact across an overall central unit or faculty; requires integration/collaboration with other functional areas.
SUPERVISION RECEIVED	Work is performed with wide latitude according to broad objectives receiving minimal direction. Work is reviewed for attainment of unit objectives, unit performance and effectiveness of results.
SUPERVISION EXERCISED	Plans and directs work of the unit, including establishing objectives and priorities, and reviews and evaluates work for attainment of objective. Positions at this level have direct responsibility for the performance of senior level employees and unit employees through subordinate supervision.
COMMUNICATION	Influences others, both internal and external to the university, on related policies, university guidelines and procedures. Ensures goals and objectives of the unit/department are communicated, and buy-in from team is achieved.
KNOWLEDGE	Requires extensive experience and expert-level knowledge leading and managing programs, projects and teams to achieve objectives. Mastery knowledge of university policies, processes, procedures and guidelines, as well as external standards, regulations, best practice, etc.
MINIMUM QUALIFICATIONS	University degree in a relevant discipline. Minimum of twelve years of related experience, of which ten years of experience leading and developing career and professional level employees, or the equivalent combination of education and experience.
